

## COVER LETTER

24-03-2023

The Recruitment team,

Please accept this letter as an expression of my interest in the Junior Front End Developer position.

I'm a front End developer, with skills in UI design and technical writing, who enjoys building interactive web pages that solve human problems. with a background in Customer service, live band, Tech training & support, content writing, Project management.

I'm able to add value and build a dynamic career by developing scalable tech solutions that address specific user needs. he is always ready to learn and improve.

Throughout the course of my career, I have been training my programming skills and troubleshooting and resolving software problems abilities. I am a capable and consistent problem-solver skilled at prioritizing and managing projects with proficiency.

I believe i have teamwork, problem-solving, and specifications development toward team efforts and business improvements. I am progressive minded and in tune with new developments in my field.

I have proven to be effective and collaborative with strong communication talents. I enjoy collective brainstorming sessions to coordinate activities to achieve a common goal.

Please take a moment to review my attached resume and credentials. I would greatly appreciate the opportunity to speak with you regarding my candidacy.

Thank you for your consideration.

Sincerely,

Onaiterimoh Victor Idepe
